ST. JOSEPH'S ACADEMY

SAVITA VIHAR, DELHI-92

BASIC FIRST AID AND EMERGENCY RESPONSE

Date: 24 October 2026

Organised by: School Safety Management **(ST. JOSEPH'S ACADEMY)**

Venue: School Ground

Conducted by: Mrs. Sudha

Participating Students: Classes IV and V

Audience: Approximately 200 students from different classes

Objective

To create awareness among students about basic first aid, safe emergency response, and the importance of taking timely and appropriate action during common injuries.

Report

The School Safety Management organised an educational and interactive session on **"Basic First Aid and Emergency Response"** on 24 October 2026 in the school ground, conducted by Mrs. Sudha.

The session introduced students to the importance of first aid and appropriate safety measures during emergencies. Students of Classes IV and V actively participated in two role plays demonstrating **first aid for an ankle sprain while playing football and management of a nosebleed**.

The procedures were demonstrated and explained step by step, highlighting the importance of staying calm, providing appropriate first aid, avoiding incorrect practices, and seeking help from teachers or medical professionals when required.

Approximately 200 students from different classes witnessed the demonstrations, making the programme an engaging and informative learning experience.

Outcome

The activity enhanced students' awareness of basic first aid, encouraged responsible behaviour during emergencies, and promoted a culture of safety and preparedness within the school.
