SAVITA VIHAR, DELHI-92

FIRE MOCK DRILL

Date: 16 October 2026
Organised by: Fire Department and Delhi Police
Activity: Fire Safety Awareness Programme and Mock Drill

A fire safety awareness programme and mock drill was organised in the school ground on 16 October 2026 by the Fire Department in collaboration with the Delhi Police. The main objective of the programme was to create awareness among students and staff regarding fire safety measures, fire prevention, and emergency response procedures.

The programme was conducted by Mr. Sanjeev Ji and Mr. Phool Kumar Ji from the Fire Department, along with Mr. Surender Kumar Inspector from the Delhi Police.

During the programme, the officials demonstrated different types of fire and explained the appropriate methods to deal with fire-related emergencies. They also gave a practical demonstration of the correct use of fire extinguisher cylinders and explained the importance of selecting the appropriate extinguisher for different types of fire.

The officials highlighted essential safety precautions to be followed during a fire emergency, including remaining calm, raising an alarm, informing the concerned authorities, following evacuation procedures, and moving to a safe place. The importance of fire safety equipment and regular mock drills in schools was also emphasised.

The programme was informative and beneficial for the students and staff. It helped enhance awareness about fire prevention, the safe handling of fire extinguishers, and the importance of prompt and appropriate action during emergencies.

Conclusion: The fire mock drill was conducted successfully and contributed to strengthening the school's fire safety awareness and emergency preparedness.
